Shedfield Lodge

Good

We are proud to retain our 'Good' status from the inspection team of the Care Quality Commission. This organisation is vital to the care industry and they make sure health and social care services provide people with safe, effective, compassionate, high-quality care. They are also there to help and encourage all care services to continually improve.

The inspection involves more than 'just turning up.' Information and feedback is also gathered from professionals and community people we work with e.g. Doctors, Community Nurses, Therapists.

Relatives and Family members are also asked to express honest opinions to the team about the care received by their loved ones here at The Lodge.

Other elements are also checked including, equipment and they look to see that we follow all safety procedures and policies.

There are many other things, too many to mention here, but I hope this gives you an insight.

We always welcome an inspection and find it valuable to help us maintain our respectful, and high performance of care.

Never one to 'sit on our laurels' our team here continually seek to improve each and every day. Beneath our logo it states 'Caring through Understanding' - something we live up to and very proud to do this in every which way we can.

Pat-a-Cake... Pat-a-Cake

According to the food historians, the ancient Egyptians were the first culture to show evidence of advanced baking skills. The Oxford English Dictionary traces the English word cake back to the 13th century. Centuries on... those cooking skills are still with us today and I'm sure the Egyptians would have been in awe of our very own cook, Kelly.

Never forgetting a Birthday, our lovely residents are treated to a special cake to mark the occasion. A delightful treat to be shared by all, so we can quite safely say... that a lot of birthday cakes are made throughout a year.

For those days in-between, a fresh batch of tea time treats are made such as fairy cakes, flapjacks and fruit cake. Everything always tastes better when it is home made.

When Kelly is at home she

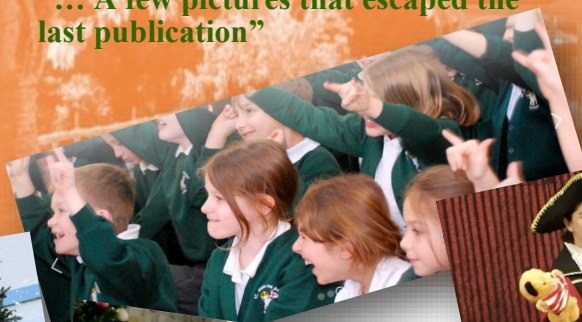

enjoys creating the most amazing and unique themed cakes. Everything from Harry Potter to Vintage Vehicles. If you are already hooked on those Cadbury Crème Eggs, then you would absolutely melt at her latest creation.

If you would like to see more photo's of Kelly's creations have a search for Village Green Bakes. Just watch out for that sweet-tooth.
